

# ROBBERY.

On the night of the 6th of December, 1816, the Exchange Office of the City of Alexandria, Bridge street, Georgetown, was robbed by a false key, was robbed of the following property, in Spanish gold, change, American and English gold, about 200 dollars; bank notes, mostly three dollar notes of the Bank of Washington, and some one dollar notes, together about 30 dollars; a hundred and sixty four lottery tickets, as per numbers below. The lottery tickets can be of no use to the persons who took them, and an attempt to pass them, would only lead to a detection, it is therefore hoped that the persons who took them, will return them to the subscriber through the Post Office at Georgetown. A liberal Reward will be paid by the subscriber for any information that may lead to the discovery of the persons of a recovery of the property. All keepers of lottery offices in the United States will please to keep a list of the numbers of the following tickets, and may lead to a discovery of the thief.

Will be sold, at public auction, on Tuesday the 7th day of January next, being the second day of Prince William Court; at the late residence of Alexander Henderson, of Dumfries; all the personal property at the mansion house. It is useless to enumerate it particularly, but amongst many other articles are such as follow:

A large quantity of bedding of superior quality; a piano; an elegant violin; a new fashionable carriage with plated harness and a pair of horses; 3 milch cows; 40 or 50 hams of prime old bacon; valuable carpeting; tea ware and glass ware, etc. etc.

On this property a credit of 9 months will be given, the purchaser giving bond and security, bearing interest from the date if not paid punctually.

Five slaves are for sale, viz. a first rate female cook, a likely well tutored girl of 14, a young man of good character a rough blacksmith, and two valuable farming negro men, one about 25, the other about 35 years old. The one about 25, to be sold as near Fauquier court-house as may be, to be near his wife, and the other for a like reason near Leesburg. Inman Horner, Esq. will sell the youngest. These people may be seen at Dumfries till the day of sale, and on that day, but will not be publicly exposed—the executor does not deal with foreign purchasers or their agents—they need not call, and are asked not to do so. Cash will be asked for the servants.

The dwelling house itself with its appurtenances will be sold on very moderate and accommodating terms. The house is spacious and convenient; the out houses are good, and the garden prepared with great labor and taste, so as to be at once remarkably productive and handsome. The society of the village is very agreeable and a bargain may be had in this property.

## Virginia Legislature.

Saturday, Dec. 21.

The House went into committee of the whole, Mr. Scott in the chair, on the Execution Bill.

The bill as reported by the committee, goes to stay executions, &c. unless the party for whose benefit it is to be served, agrees to take in payment, "the chartered bank notes or bills of this state, the chartered notes or bills of the adjoining States and the District of Columbia"—thus pursuing the present law but without giving to the county courts the right to say, what the foreign notes are worth in comparison with our own—this act to continue in force till the 1st day of August—"The 1st day of August" was struck out on Mr. Banks's motion.

Some discussion took place as to the proposition to give the same powers to the county courts as they now possess. This idea was advocated by Messrs. Chamberlayne, Robertson, of P. Tucker, J. Thompson, of T. and opposed by Mr. Banks; the former on the ground that great injustice would be done by putting foreign notes on the same footing with our own, when they were generally so much below par; and that it was better to give the courts the power to fix their value. The last, on the ground of the actual injustice, which had been done by some of the courts, in introducing great inequalities in the value of the same paper, in different counties.

No decision was made on this point, when Mr. Eskill moved as a substitute to the bill itself, one which merely went to continue in force the present laws, &c. his idea being that it was best merely to continue the present laws, with whose operations we were already acquainted. His substitute went to continue them till the 25th of December, 1817—but on motion this day was struck out, and the time left blank.

Mr. Stanard brought forward a different proposition, which was to exclude to reign notes altogether from the bill. For this motion he went into a long and ingenious argument; expatiating on the inequalities which had been produced under the present law by the tariff of the county courts; their tendency to banish the Virginia paper from circulation, and to substitute a spurious foreign paper in those counties where it had been valued at par with the Virginia paper.—Mr. S. contended, that though the Virginia notes were not in circulation in the western parts of this state, yet they might be produced by the people there; because, in selling their produce, they obtained a higher price in the foreign paper, because of its depreciation, and thus foreign paper might be exchanged in Alexandria or Baltimore for Virginia paper, &c. &c.—Mr. J. Thompson, of T. supported this proposition.

Mr. Banks objected to this proposition, upon the ground, that there was not Virginia paper enough afloat, to answer the circulation of the country, and therefore debtors could not obtain it. If Mr. Stanard would so modify his motion as to select out of the chartered banks of the adjoining states such as were supposed to be nearly as solvent as our own banks, he would accede to the amendment.

Mr. Stanard's motion was lost without division.

Mr. Estill's substitute was then adopted without a division.

When the committee rose, the house accepted of the substitute—but on Mr. Blackburn's motion, it was laid on the table.

Mr. Scott submitted the following resolution:

Resolved, That the thanks of the general assembly of Virginia, are due to Maj. Gawin L. Corbin, who during the late war between the United States and Great Britain, gallantly shed his blood at the head of a battalion of Virginia Militia, in defence of his native soil in the memorable attack upon Hampton, by an overwhelming British force.

Resolved, That the governor be and he is hereby requested to forward to Maj. Gawin L. Corbin, a copy of this resolution, and to present to him an appropriate sword as a testimony of the sense which the commonwealth entertains of his merit.

Mr. Mercer of L. submitted the following resolutions:

Resolved, That the thanks of the general assembly of Virginia, are due to Lieut. Col. Roger Jones, a native citizen of this Commonwealth, for the animated zeal, and steady valour which he uniformly displayed in the late war between the United States of America and Great Britain in all the most brilliant scenes, at which he was present and wherever present eminently distinguished.

And be it further resolved, That the governor be and he is hereby requested to forward to Lieutenant Colonel Roger Jones, a copy of this resolution, and to present to him an appropriate sword as a memorial of the sense which the commonwealth of Virginia entertains of his merit.

Resolved, That the thanks of the general Assembly of Virginia, are due to Lieut. Thomas Ap. Catesby Jones, a native citizen of this commonwealth, for the gallantry and skill displayed by him upon Lake Pontchartrain, on the 14th of Dec. 1814, in long maintaining an unequal conflict between a squadron under his command, and a numerous flotilla of his Britannic Majesty's fleet, a conflict, which, terminating in his defeat, contributed

greatly with the most splendid success to shed additional lustre on the Navy and Glory of America.

And be it further resolved, That the Governor on and he is hereby requested to forward to Lieut. Thomas Ap. Catesby Jones, a copy of this resolution and to present to him an appropriate sword as a testimonial of the sense which the commonwealth of Virginia entertains of his merit.

Resolved, That the thanks of the general assembly of Virginia are due to Lieut. Robert Beverly Randolph, a native citizen of this commonwealth, for his gallantry and good conduct during the late war between the United States and Great Britain, by which, he participated in the successive and triumphant engagements of the Constitution Frigate, and the British Frigates Guerriere and Java, as well as in the unfortunate but not less glorious combat between the U. S. Frigate President, and a squadron of greatly superior force, detached on special service from his Britannic Majesty's fleet.

And be it further resolved, That the governor be and he is hereby requested to forward to Lieut. Robert B. Randolph a copy of these resolutions, and to present to him an appropriate sword, as a memorial of the sense which the Commonwealth of Virginia entertains of his merit.

Mr. Doddridge wished these resolutions to lay on the table—that he might have an opportunity of adding the name of Col. Conner, who had commanded the best regiment at Ft. Mifflin and had unfortunately distinguished himself as a gallant officer.

After some remarks from Messrs. Mercer and Blackburn, the motion was withdrawn by Mr. D. and these resolutions were submitted to the select committee upon that subject.

The following communication from the Governor was received and read:

Council Chamber,  
Dec. 21st, 1816.

**SIR,**  
Through you, I have the honor to present to the House of Delegates the enclosed accounts, in obedience to a request expressed in their resolution, transmitted to this department.

**Latest from England.**  
By the ship Indian Chief, arrived Norfolk from London, we have received from our London correspondent, the London Courier of Oct. 20th, two days later than before received. A few extracts from this paper will be found below.

We understand also have been received of Lord Bessford's return to Lisbon, after having completely succeeded in the object of his mission.

This morning Paris Journals have arrived. By the latter we learn that the French ministry, it will be seen, are in great agitation respecting the sale of the remaining church lands, which will not be now attempted. It is intimated, that on the one hand the ministers will resume to themselves the right of measures of liberalization towards France, and the other emigrants, still in the hands, that they will make considerable efforts to get rid of the persons, marked a royalist, either among the civil, or the military.

It is now said that the German

will not meet on the 4th of next as before stated, and that its opening be postponed till next year. The conference, however, have been signified that it was not the intention of the Emperor of Russia to interfere in the affairs of Germany, is positively contradicted.

One o'clock.—We have just received another letter from Paris, which states that the ultra-royalist journals are likely to resume the open contention between the civil and military authorities, at Lyons, Darmstadt, &c. The letter shall be inserted tomorrow.

This morning arrived a most remarkable piece of intelligence from Constantinople, September 23rd. The arrival of the Russian frigate Minerva, of 44 guns, in this port, with Baron Stroganoff, the Russian minister, on board, is considered here as a remarkable circumstance, cause hitherto the ships of war of nations, have not been allowed through the channel.

The Dutch mail this morning further accounts of the rise in the price of grain in various parts of the coast. A storm has destroyed much of the wheat at the Duke of Wellington's estates, establishing magazines of grain in the frontiers of France for his army, they may not inconvenience the French.

Corn Exchange, Oct. 23. A good supply of wheat, chiefly from Kent and yet having many buyers, the standard cleared at an advance of quarter on the prices of this day. A few prime samples of barley of 50s. but all other descriptions were exceedingly heavy sale at 2s. per bushel. Wheat, English, 92 1/2; do, new, 50s to 105s; do, 60s-90s 115s; rye 55s to 60s; old, 45s to 55s; do, new, 55s to 60s.

It is a melancholy consolation to that whatever degree of failure may be feared in our own harvest, other tries are in a much worse case. France certainly is, so are the Netherlands, as we are informed the theme; and we learn with content in Italy, inasmuch that the government had issued a Decree allowing importation of wheat, rice, flour, barley of all kinds, free of duty, until 31st Aug. 1817.

Average price of corn in England, by the quarter of 8 Winchester bushels, and of oatmeal per boll of 40 pounds, from the returns received the week ending the 19th Oct. Wheat 95s 6d; Rye 55s 11d; 44s 9d.

Letters from the North state, the States of America are at present creating a treaty of Commerce with mack.

The following report of the Corn Market on Wednesday is from the Dublin Correspondent, notwithstanding the settled state of weather, & the favorable accounts received of the crops from the country yet the prices of grain in market day did not decline. New Wheat from 50s. to 55s. Old Wheat from 70s. The certainty that distillation grain would not be prohibited, kept the price of Oats.

JAMES KENNEDY &  
SON,  
BOOKSELLERS, KING STREET,  
Have just received from LEE'S PA-  
TENT MEDICINE Store, No. 46  
Maiden Lane, N. York,  
A FRESH SUPPLY  
Of the following genuine Medicines.

For the prevention and cure of Bi-  
lious and Malignant Fevers, is  
recommended

Hahn's Anti-Bilious Pills.  
THIS Medicine has been attended  
to with a degree of success highly grateful  
to the inventor's feelings, in several parts  
of the West Indies, and the Southern &  
Middle States, particularly in N. York,  
Philadelphia, Baltimore, Petersburg,  
Richmond, Norfolk, Edenton, Wilming-  
ton, Charleston, and Savannah. The  
testimony of a number of persons at each  
of the above places can be adduced, who  
have reason to believe, that a timely use  
of this salutary remedy has, under Provi-  
dence, preserved their lives, when in  
the most alarming circumstances.

Facts of this conclusive nature speak  
more in favour of a medicine than col-  
umns of pompous eulogy, founded on  
mere assertion.

It is not, indeed, presumptuously pro-  
posed as an infallible cure, but the inven-  
tor has every possible reason that can re-  
sult from extensive experience, for be-  
lieving that a dose of these Pills, taken  
once in every two weeks, during the  
prevalence of our bilious fevers, will  
prove an infallible preventative; and  
further, that in the earlier stages of those  
diseases, their use will very generally  
succeed in restoring health, and frequen-  
tly in cases esteemed desperate, and be-  
yond the power of common remedies.

The operation of these pills is perfectly  
mild, so as to be used with safety by per-  
sons in every situation, and of every age.  
They are excellently adapted to carry  
off superfluous bile & prevent its mor-  
bid secretions—to restore & amend the  
appetite—to produce a free perspiration  
and thereby prevent colds which is so of-  
ten of fatal consequences. A dose never  
fails to remove a cold if taken on its first  
appearance—they are celebrated for re-  
moving habitual costiveness—sickness at  
the stomach and severe head-ache—and  
ought to be taken by all persons on a  
change of climate.

They have been found remarkably ef-  
ficacious in preventing and curing disor-  
ders attendant on long voyages, and  
should be procured and carefully preserv-  
ed for use by every seaman.

HAMILTON'S WORM DES-  
TROYING LOZENGES.  
Which have cured an immense num-  
ber of persons of both sexes, of every age,  
and in every situation, of various dan-  
gerous complaints arising from worms,  
and from obstructions or looseness in their  
stomach and bowels.

This medicine bears no analogy what-  
ever to others of similar title, so com-  
monly complained of, as operating with  
violence; on the contrary, a particular  
excellence of this remedy is its being  
suited to every age and constitution. It  
contains nothing but what is perfectly in-  
nocent, and is also mild in its operation,  
cannot injure the most delicate pregnant  
lady or the tenderest infant of a week old,  
should no worms exist in the body; but  
will, without pain or griping, cleanse the  
stomach and bowels, of whatever is foul  
or offensive, and thereby prevent the pro-  
duction of worms, and many fatal disor-  
ders. The lozenges are particularly ef-  
ficacious in carrying off all gross hu-  
mours and eruptions, feverish and bilious  
complaints, and are the safest and mildest  
purgative that can be used on any  
occasion.

DESCRIPTION OF WORMS.  
And the symptoms by which they are  
known:  
Worms which infest the human body,  
are chiefly of four kinds, viz.—The Tere-  
bra, or large round worm; the Ascaris,  
or small man-worm; the Cucurbita,  
or short, flat, white worm; and lastly,  
the Tenia, or tape-worm, so cal-  
led from its resemblance to tape. This  
is often many yards long, and is full of  
points. It is most hurtful and most diffi-  
cult to remove.

Among the symptoms attending worms  
are—disagreeable breath, especially in  
the morning; bad and corrupted gums;  
itching in the nose, and about the seat;  
convulsions, epileptic fits, and sometimes  
privation of speech; starting and grind-  
ing of the teeth in sleep; irregular ap-  
petite, sometimes loathing food, and some-  
times voracious; purging, with slimy &  
fetid stools; vomiting; large and hard  
belly; pains and sickness at the stom-  
ach; slow fever, with small and irreg-  
ular pulse; a dry cough; excessive  
thirst; sometimes pale and unhealthy  
countenance, and sometimes the face  
swollen and flushed.

Persons afflicted with any of the above  
symptoms, should have immediate re-  
course to Hamilton's Worm Destroying  
Lozenges, which have been constantly  
attended with success, in all complaints  
similar to those above described.

A dose of this medicine given occa-  
sionally during the warm season, will ef-  
fectually prevent the vomiting and  
purging of chint—a dreadful dis-  
order, which annually destroys the lives  
of the infant part of our citizens &  
likewise the mildest and most cer-

tain remedy known, and has restored  
to health and strength a great number,  
who in an advanced stage of this fatal  
complaint. Particular and plain instruc-  
tions are given for every part of the ne-  
cessary treatment in such cases.  
Children generally take this medicine  
with eagerness; having a pleasing appear-  
ance, and an agreeable taste.

Hamilton's Essence and Extract of  
Mustard.

A safe and effectual remedy for acute  
and chronic rheumatism, gout, asthmatic  
gout, palsy, lumbago, numbness, white  
swellings, chilblains, sprains, bruises, pain  
in the face and neck, etc.

The Genuine Persian Lotion.  
So celebrated among the fashionable  
throughout Europe, is an invaluable cos-  
metic, perfectly innocent and safe, free  
from corrosive and repellant minerals,  
(the basis of other lotions) and of un-  
paralleled efficacy in removing blemishes  
of the face and skin, freckles, pimples,  
inflammatory redness, scurfs, tetter, ring-  
worms, sunburns, prickly heat, &c. The  
Persian Lotion operates mildly, without  
impeding the natural, insensible perspira-  
tion, which is essential to health, yet its  
effects are speedy and permanent, ren-  
dering the skin delicately soft and smooth  
and improving the complexion.

The Restorative Powder for the  
teeth and Gums.  
This excellent preparation comforts  
and strengthens the gums, preserves the  
enamel from decay, and cleanses and  
whitens the teeth, by absorbing all the  
acrimonious slime and foulness, which  
suffered to accumulate, never fails to in-  
jure and finally ruin them.

Hamilton's Grand Restorative.  
Is recommended as an invaluable me-  
dicine for the speedy relief and perman-  
ent cure of the various complaints result-  
ing from dissipated pleasures, juvenile  
indiscretions, residence in climates un-  
favourable to the constitution, the im-  
moderate use of tea, frequent intoxication  
or any other destructive intemperance  
the unskillful or excessive use of mer-  
cury, the diseases peculiar to females at a  
certain period of life, bad lyings in, &c.

HAMILTON'S ELIXIR.  
Sovereign remedy for Colds, obstinate  
Coughs, Asthma, sore throats, and  
approaching Consumptions, and most  
disorders of the breast and lungs.

Rahn's genuine Eye Water.

the eyes, whether the effect of natural  
weakness or of accident.

gives immediate and lasting relief in the  
most severe instances.

Lee's Ointment for the Itch.  
Warranted an infallible remedy at one  
application, may be used with perfect  
safety on infants a week old, not con-  
taining a particle of mercury or any dan-  
gerous ingredient whatever, and not ac-  
companied with that tormenting smart  
which attends the application of other  
remedies.

Lee's Infallible Ague and Fever Drops.  
For the cure of agues, remittent, and  
intermittent fevers.

## ROBBERY.

On the night of the 6th of December,  
1816, the Exchange Office of the sub-  
scriber, Bridge street, Georgetown, from  
appearances by a false key, was robbed  
of the following property, in specie, con-  
sisting of dollars, change, American and  
English gold, about 200 dollars; bank  
notes, mostly three dollar notes of the  
bank of Washington, and some small  
tickets, together about 30 dollars, a one  
pound note of the bank of England, and  
one hundred and sixty four lottery tick-  
ets as per numbers below. The lottery  
tickets can be of no use to the persons  
taking them, and an attempt to pass them  
would only lead to a detection, it is  
therefore hoped that the person or per-  
sons who took them, will return them to  
the subscriber through the Post Office at  
Georgetown. A liberal Reward will be  
paid by the subscriber for any informa-  
tion that may lead to the discovery of  
the persons or a recovery of the property.  
All keepers of lottery offices in the United  
States will please to keep a list of the  
numbers of the following tickets, as it  
may lead to a discovery of the theft.
